

Raaz

Backend Software Engineer (Node.js — AWS — PostgreSQL)

9605633156 raazraz621@gmail.com linkedin.com/in/raaz-ch-a77535277 github.com/gitmen321

Technical Skills

Languages: JavaScript (Node.js), TypeScript, Python
Backend: Express.js, REST APIs, JWT Auth, OAuth2, Clean Architecture
Databases: MongoDB, PostgreSQL, Redis (Caching + Rate Limiting)
DevOps & Cloud: AWS EC2, Docker, CI/CD Pipelines, Render, Vercel
Tools: Swagger/OpenAPI, Postman, Git/GitHub
Concepts: Microservices Basics, System Design, Transactions, Indexing

Projects

Token Rewards Backend Platform (RZV)

github.com/gitmen321/rzv_backend

Node.js, Express, MongoDB, Redis, AWS EC2, Swagger

2025

- Built a production-grade backend system supporting token wallets, daily login rewards, and secure transactions.
- Designed and implemented a referral system with reward distribution logic, tracking invited users, and automated bonus crediting.
- Implemented JWT authentication with refresh token rotation, email verification, forgot/reset password workflows.
- Designed Admin Dashboard APIs with real-time stats, audit logs, and user activity tracking.
- Integrated Redis caching + rate limiting for performance optimization and abuse prevention.
- Documented APIs using Swagger UI and tested workflows with Postman collections.
- Containerized services with Docker and deployed backend + Redis on AWS EC2 with CI/CD-ready setup.

Experience

Mobile Engineer

Nov 2024 – Jun 2025

White Matrix

India

- Developed and deployed Android/iOS applications to Play Store and App Store.
- Worked on backend API integration, schema design, and PostgreSQL-based data handling.
- Collaborated with cross-functional teams to deliver scalable mobile-first solutions.

Freelance Software Developer

Jun 2025 – Present

Self-Employed

Remote

- Built mobile apps and portfolio websites for brands and small businesses.
- Deployed full-stack projects using Render, Vercel, and cloud hosting platforms.
- Delivered clean backend APIs, authentication modules, and production-ready deployments.

Education

Bachelor's Degree in Computer Science

Jamia Hamdard University

India
